Summary

The meeting had multiple objectives, including discussing the check-in process, changing the Halloween party, and finalizing contract details. Key decisions were made regarding the need for insurance coverage and determining appropriate charges. Action items included sending an email to address everyone, reviewing the contract, and contacting the insurance company for an updated quote. Another objective was to discuss rental contracts, pricing, and appointing a party coordinator. Leslie was appointed as the party coordinator, and a new process for event requests was implemented. Action items included reviewing and updating rental contracts, setting up a separate email account for event requests, and securing a laptop or computer for managing the calendar. Unauthorized access to the calendar and stricter rules at the door were also discussed. The decision was made to implement a key card system for members and explore options for installing cameras and improving security. The meeting also addressed restrictions on the Legion's website, the need for a key code on the front door, and the enforcement of membership rules. The decision was made to revamp the post rules and implement a sign-in system. Action items included assigning an officer of the day, updating the website and newsletter, and repairing doors. The meeting also discussed the reservation person for events, post bylaws and house rules, and membership issues. The decision was made to have membership dues mailed to the post instead of being accepted by the bartender. Action items included finalizing the draft for Canadians, educating members on online membership renewal, and increasing the tipping policy for bartenders. Lastly, the meeting addressed the issue of paying bartenders and the post's probation status. It was decided to continue paying bartenders with tips and make a budget decision regarding the \$30,000 in the membership account, while also making efforts to improve the community to address the post's probation status.
